

Get to know your

BPI DEBIT MASTERCARD

What are the features of the BPI Debit Mastercard?

Secured and safe

Your card is EMV-enabled which is the global standard for card payments. It is also secured via a 6-digit PIN which you can personalize.

Hassle-free payments

You can tap your card for purchases below Php 5,000 wherever you see the contactless symbol for an easier checkout.

Convenience on local and international transactions

The card can be used in Point-of-Sale (POS) terminals here and abroad, wherever Bancnet or Mastercard is accepted.

Use online wherever Mastercard is accepted

You can use your card for online purchases. Simply enable this feature via BPI Card Control. You are also protected by 3D Secure OTP for your online transactions when supported by the merchant.

Be In Control

You can conveniently customize your card features with BPI Card Control accessible via BPI Online and mobile app.

Easy access on your accounts

Link all your card-based accounts into just one card. You can withdraw from any of your linked accounts via BPI ATMs.

What is BPI Card Control?

BPI Card Control is a service available in BPI Online and Mobile app that allows you to customize your card features in real-time.

To Access BPI Card Control:

1. Log in to BPI Online or the BPI Mobile App.
2. Select "Other Services".
3. Click "Card Control".
4. Choose the debit card that will be customized.

Here's what you can do with BPI Card Control:

- ✓ **Adjust withdrawal limits**
Adjust ATM cash withdrawal amount per day (min. of Php 20K, max of Php 100K).
- ✓ **Adjust Purchase limits**
Adjust the maximum purchase amount per day (min. of Php 100K, max of Php 250K).
- ✓ **Enable/Disable International Access**
Enable or disable the card's capability to transact thru ATM and point-of-sale (POS) terminals outside the Philippines.
- ✓ **Enable/Disable E-Commerce Access**
Enable or disable the card's capability to transact online. You need to enable this before transacting online with your card.
- ✓ **Temporary Block**
Temporarily block the debit card for safety and security.

You can use your BPI Debit Mastercard on the following channels locally and globally:

Transact at BPI and non-BPI ATMs

Withdraw from any BancNet or Mastercard affiliated ATMs here and abroad.

Pay for goods and services in-store

Pay with your card in stores, wherever BancNet or Mastercard is accepted. Tap your card for purchases not exceeding Php 5,000.

Pay for online purchases and services

E-Commerce access is OFF by default. Turn ON your E-Commerce Access via BPI Online or the BPI Mobile App to start using your card for your online transactions.

Debit Card Limits

TRANSACTION	DEFAULT DAILY AMOUNT	MAX NO. OF DAILY TRANSACTIONS
Withdrawal Limit	Php 20,000	6
Total Purchase Limit	Php 100,000	Unlimited
E-Commerce Purchase Limit	Php 20,000	Unlimited
Contactless Purchase Limit	Php 5,000	Unlimited

*The limits above are given to the card by default. Withdrawal and Total Purchase Limits of BPI Debit Mastercard can be adjusted via BPI Card Control in BPI Online and Mobile app.

**E-Commerce purchase limit is a subset of the Total Purchase Limit. For example, if the client uses their card for an online purchase worth Php 10,000, the remaining E-Commerce Purchase Limit will now be Php 10,000 and remaining Total Purchase Limit is Php 90,000.

Debit Card Fees

TRANSACTION	SERVICE CHARGE	TRANSACTION	SERVICE CHARGE
BPI ATMs		International ATMs	
Withdrawal	FREE	International Withdrawal	\$3.50 or 1.75% (whichever is higher)
Balance Inquiry	FREE	International Balance Inquiry	\$1.00
Other Local Banks' ATMs		International ATM Decline	\$1.00
Withdrawal	Service Charges may vary per bank or ATM owner	FOREX Mark-up	+ 1% for selling rate - 1% for buying rate (vs BPI's published rates)
Balance Inquiry		Online/E-Commerce	
In-Store		International Online/E-Commerce (For Txns Done In Non-Peso Currency only)	1.50% of the txn amount

*Banks may charge fee/s on top of BPI fee/s in order to process your transaction.

**Inclusive of Mastercard or BancNet card and payment network fees.

***FOREX Mark-up is applicable when the transacting currency differs from the account currency. For example, Peso account used to purchase in dollars abroad or Dollar account used to withdraw Pesos in an ATM in the Philippines.

****FOREX rates are updated once every banking day based on rates provided by Treasury.

Frequently Asked Questions (FAQs)

How can I get a BPI Debit Mastercard?

You can get a BPI Debit Mastercard through any BPI branch by opening a card-based deposit account.

How can I activate my BPI Debit Mastercard?

To activate your BPI Debit Mastercard, just follow these steps:

- Insert your BPI Debit Mastercard at any BPI ATM.
- Enter the temporary PIN from the PIN Mailer and then select "PIN Services" from the menu.
- Select "Change PIN" and nominate your new 6-digit PIN.

BPI Debit Mastercard must be activated within 3 calendar days upon card receipt. Temporary PIN will be deactivated if it is not changed within 3 calendar days and you will need to request to reactivate the PIN at any branch. Once re-activated, you may proceed to change the PIN at any BPI ATM.

What can I do with a BPI Debit Mastercard?

Once activated, you can use your BPI Debit Mastercard to purchase goods and services at any Mastercard affiliated merchant here and abroad including online applications and websites. You may also use your BPI Debit Mastercard to get cash at any BPI ATM or Bancnet ATM locally as well as any Mastercard ATM anywhere in the world (Note: Fees may apply for non-BPI ATM withdrawals).

How can I use my BPI Debit Mastercard to pay in-stores?

To use your card in-store, you just need to insert or tap your BPI Debit Mastercard at the Point-of-Sale (POS) terminal or present your card to the merchant for the payment. For tap to pay transactions (or contactless payments), the maximum limit is Php 5,000 and does not require any PIN or signature. For payments wherein the card is inserted into the terminal, you may be asked to enter your 6-digit PIN or sign the receipt to complete the transaction.

How can I start using my card online?

E-Commerce Access is OFF by default. You can start using your card online by doing the following:

- Log in to BPI Online and Mobile app.
- Select "Other Services" and choose "Card Control" (under Cards).
- Select the card that will be used for online purchases.
- Turn ON E-Commerce access.
- A One-Time PIN (OTP) will be sent to your registered mobile number. You need to enter your OTP to activate E-Commerce access.
- Once enabled, you can use your card for online transactions by using your card details.
- In some cases, if the merchant supports it, an OTP will be required to authorize the transaction.
- You may opt to disable your E-Commerce access after successfully completing the transaction.

Never share your card details and OTP to anyone.

Can I use my BPI Debit Mastercard outside the Philippines?

International Access is enabled by default. You may enable/disable it via BPI Card Control in BPI Online or mobile app at any time. As long as International Access is enabled, you may use your card for the following:

- ATMs – You can use your BPI Debit Mastercard to withdraw cash in the local currency of the country you're in by using any Mastercard-affiliated ATM.
- Point-of-Sale Terminals – You can use your BPI Debit Mastercard to pay in-stores wherever Mastercard is accepted. To avail of BPI's rates which are generally cheaper, it is advised to pay in the local currency and not in Peso.

How can I access BPI Card Control?

You can access BPI Card Control by doing the following:

- Log in to your BPI account via BPI Online or mobile app.
- Select "Other Services".
- Click "Card Control" to see enrolled BPI Debit Mastercard.
- Choose from any of the BPI debit cards you own.

Frequently Asked Questions (FAQs)

What is Account Linking?

Account Linking enables you to easily access your other card-based deposit accounts with just one card. With this feature, you can access more than one card-based deposit account with your BPI Debit Mastercard at any BPI ATM. Simply choose which of your linked deposit accounts you want to transact from.

How can I link and unlink my accounts in my BPI Debit Mastercard?

You may request to link or unlink accounts by visiting any BPI branch near you or calling our 24-hour BPI Contact Center at (+632) 889-10000.

I have both card-based peso and dollar deposit accounts. Can I link them with each other?

You may get a card for both your peso and dollar deposit accounts. However, you may only link accounts to cards with accounts of the same denomination.

How do I withdraw from my other linked accounts?

Just follow these steps:

1. Go to any BPI ATM.
2. Enter your 6-digit PIN.
3. Select "Enter Withdrawal Amount".
4. Enter the amount you wish to withdraw from.
5. Select the account you wish to withdraw from.
6. Get your cash.

Note: Your card's withdrawal and purchase limits will not increase regardless of the number of accounts linked.

What is my card limit if I have several deposit accounts linked to my BPI Debit Mastercard?

The default card limit for withdrawals and purchases is still Php 20,000 for withdrawals and Php 100,000 for Point-of-Sale purchases. Card limits will not increase regardless of how many accounts are linked to your card. You may adjust your limits via BPI Card Control in BPI Online or BPI Mobile app.

Does my BPI Debit Mastercard have an expiration date?

Yes, the "Valid Thru" in front of your BPI Debit Mastercard indicates the month and year of card expiry. Your card is valid until the date printed on your card. You will need to have your card renewed at any branch near you before the date indicated on your card.

What happens when my BPI Debit Mastercard expires?

Once your card has exceeded the "Valid Thru" date indicated, you won't be able to transact using your card until you have it renewed. It is recommended that you renew your card at least 1 month before it expires.

Where and when can I renew my BPI Debit Mastercard?

You may renew your card at any branch within 6 months before the expiry date.

Will I be charged extra when I transact at a Euronet ATM using my BPI Debit Card?

No. It is free to withdraw cash and perform balance inquiries through blue BPI x Euronet ATMs with the official BPI stickers.

Where do I report disputes (such as multiple debit, incorrect amount charged, cancelled transactions, etc.) and fraud related concerns?

To report disputes and fraud-related concerns, please send us a message, call our 24-hour BPI Contact Center at (+632) 889-10000, or visit any BPI branch.

Any debit card transaction dispute must be filed within sixty (60) calendar days from transaction date.

We advise you to regularly check your account and transaction history via BPI Online or BPI Mobile app.

Where do I report other concerns or questions regarding my debit card?

For inquiries and comments, send us a message or call our 24-hour BPI Contact Center at (+632) 889-10000.
